

WE ARE HIRING!

SENIOR FULL-STACK SOFTWARE ENGINEER (FULL TIME) (M/F/D)

The Future of Finance – today.

[Finmatics](#) develops solutions for the AI-based automation of financial information processing. As a B2B "Software-as-a-Service" company, we primarily target companies with their own finance departments and tax consultancies in Germany and Austria. Finmatics helps them digitize their business processes to become fit for the highly automated future in finance. In doing so, we work with state-of-the-art IT infrastructure and 100% cloud-based. Are you looking for an exciting job in a cutting-edge and future-oriented field? Then you've come to the right place.

Our mission is to automate financial & accounting processes in order to eliminate unnecessary manual tasks. As Senior [Full-Stack Software Engineer](#), your work will be a critical part of accomplishing this mission:

Your Tasks:

- ▶ Design and implement applications with state-of-the-art frameworks for business users
- ▶ Work in a multi-disciplinary team (Data Scientists, Frontend Engineers, Backend Engineers, Dev-Ops Engineers)
- ▶ Focus on Usability, UX and Code Quality
- ▶ Introduce and implement innovative frontend- and backend technologies and architectures

We are looking for someone who has:

- ▶ Software engineering experience in production environments (min 3 years)
- ▶ Demonstrable released applications
- ▶ Extensive knowledge of at least one programming language like Python, TypeScript or Dart

- ▶ Familiarity with Angular 2+, Python and OOP design principles
- ▶ Experience with Fastlane and GitLab CI/CD is a plus
- ▶ Empathy, effective communication skills and a deep respect for the power of collaboration
- ▶ A learning mindset, regardless of level or experience
- ▶ High standards for code quality and a constructive attitude to help others raise the bar
- ▶ High standards for usability and a UI/UX mindset
- ▶ UI/UX as well as technology in mind

What we offer:

Be part of shaping the future of financial workflows using the latest technical possibilities.

- ▶ Pleasant working atmosphere in the middle of Vienna
- ▶ Possibility to work from home by arrangement
- ▶ Open and honest corporate culture
- ▶ Independent work and short decision-making paths
- ▶ Young, dynamic team and flat hierarchies
- ▶ Full refrigerator with cool drinks and fruit
- ▶ Flexible working hours
- ▶ Job ticket for Wiener Linien
- ▶ The minimum salary for this position is € 55,000, overpayment possible depending on qualifications

Interested?

Send your CV to jobs@finmatics.com. A separate letter of motivation is not required.

We are looking forward to your application!
